

A scenic landscape in Slovakia featuring a lake, mountains, and a cabin. The scene is captured during a dramatic sunset or sunrise, with a sky filled with vibrant orange, red, and purple clouds. In the foreground, a stone-paved area leads to a wooden dock where several red wooden canoes are moored. A small wooden cabin with a grey roof is visible on the left. The middle ground shows a calm lake reflecting the sky and the surrounding forested mountains. In the background, a large, illuminated wooden building with a triangular roof stands on a hillside. The overall atmosphere is serene and picturesque.

Water in Slovakia

Healing springs

In our country we have a lot of healing springs.

One of our most famous healing spring is in Bardejov.

A lot of people go there to heal all kinds of diseases such as heart problems, obesity, breathing problems and a lot more. Bardejov is also part of the UNESCO heritage.

Besides Bardejov we also have other healing springs such as Bojnice, Piešťany, Štós and many other.

Rivers

We have a lot of rivers and lakes. Most of them are used for recreation and for relax by tourists. Some rivers just flow through our country, and others springs in here. The longest river is Váh. Its 351 kilometres long and its formed by confluence of two rivers. The largest is Danube, which flows from the Black Forest to the Black Sea through 10 different countries.

Lakes

The most visited lake is called „Sunny lakes“ .It is located near our capital, Bratislava.

In the East there is Vinianske jazero and Morské oko (Sea Eye).

Potable water in Slovakia

Slovakia has one of the biggest water reservoir of subsurface water in Central Europe - Žitný ostrov is in the west of Slovakia. Another reservoir is Pálcianska Maša in the Slovak Paradise. The quality of potable water is regularly checked.

Slovakia is the country with one of the best quality tap water in the world.

Water Pollution

- Is the contamination of water sources by substances, which make the water unusable
- Pollutants include chemicals, trash, bacteria and parasites

A wide-angle photograph of a sunset over a large body of water. The sky is filled with soft, colorful clouds in shades of orange, pink, and purple. The sun is low on the horizon, creating a bright glow that reflects on the water's surface. In the distance, a line of trees and buildings is visible along the shore. The foreground shows a rocky beach on the left side.

Thanks for watching 😊
